## Subpart A – General

### 47.1 Purpose

- (a) The requirements of this JARQ Part cover the registration and marking of aircraft.
- (b) These Requirements are not in themselves Law. Failure to comply may not constitute an offence. However, the Requirements repeat or reproduce many of the provisions of the Aircraft Registration (Jersey) Law, 2014 (“the Law”). Therefore, failure to comply with these Requirements may:
  - (1) constitute a breach of the Law; and
  - (2) result in proceedings for breaches of the Law; or
  - (3) result in the refusal of an application for renewal of a certificate; or
  - (4) result in action to suspend or revoke a certificate.
- (c) The Law details the legal obligations governing the registration and marking of aircraft. The Law specifies these obligations in rather general terms. Under the provision in the Air Navigation (Jersey) Law, 2014, Article 164, the Director may publish Requirements to augment, amplify and detail more precisely the manner in which these obligations shall be met. The Requirements are the means by which owner(s) will be able to satisfy the Director as to their fulfilment of their obligations in respect of the registration and marking of aircraft or their entitlement to hold a certificate.
- (d) The issue of a Certificate of Registration indicates only that the holder is considered to be qualified. The possession of such a document does not relieve the owners from the responsibility for compliance with the Law and any other legislation in force.

### 47.3 Applicability

This Part applies to persons who wish to register in Jersey an aircraft that requires either:

- (a) a Certificate of Airworthiness under JARQ Part 21 Subpart E; or
- (b) a Permit to Fly under JARQ Part 21 Subpart P;
- (c) registration for a purpose other than (a) or (b), in which case the aircraft is not authorised to fly for the duration of being registered in Jersey.

### 47.5 Definitions

Definitions, in the context of this Part of the JARQs shall have the meanings listed in JARQ Part 1 (Definitions, Abbreviations and Units of Measurement).

## Subpart B – Aircraft Registration

- (b) No aircraft shall be registered in Jersey or remain registered in Jersey if it is registered in any other country.

### 47.23 The applicant for aircraft registration

### 47.25 Accuracy of registry information
